## Job Advertisement: Electrician (Eastern Limb)

Badirammogo Water User Association (formerly Lebalelo) was established in terms of Section 92(1) of the National Water Act (No 36, 1998) Government Gazette No 89/23053. The Association currently provides bulk raw water from the Olifants River to its members on the Eastern Limb of the Bushveld Igneous Complex. Through the Olifants Management Model Programme (OMMP), the Association is accelerating the development of bulk raw and potable water infrastructure in Limpopo through a 50:50 public-private collaboration between Commercial Members (mining, industrial users) and Institutional Members (Government, represented by the Department of Water and Sanitation [DWS]). The OMMP's infrastructure will supply targeted communities and commercial water users in Sekhukhune District Municipality and Mogalakwena Local Municipality, while optimising the utilisation of existing infrastructure and water supply from two dams (the De Hoop and Flag Boshielo Dams) in the Middle Olifants catchment.

Reference No.	BWUA-25007
Type of Contract	Permanent
Salary / Job Grade	C Lower
Location	The position is based at the Association's Havercroft office in Modubeng, Limpopo, as well as the Olifants River bulk water supply scheme and associated reticulation network.
